Solar Project

The Solar Project is an exciting new endeavor at Camp Courageous. Solar has been installed on the Indoor Pool and the Multi-Purpose building. The next phase of solar installation will include the Maintenance Building, all three Camper Cabins, the Main Lodge, and Durgin Pavilion. A special thank you to the following donors for their generous gifts for the solar project: Bill and Kay Pitlik (Indoor Pool), Richard (Dick) and Linda Andersen (Multi-Purpose Building), and Bill & Jodie Beckwith (Maintenance Building).

Donations of \$1,000 or more to the camp's solar project will receive special recognition on a Solar Plaque displayed in camp's main lodge.

Solar Panel Project – This is an on-going project that will help offset electrical expenses and save Camp thousands of dollars in the future. ANY amount is appreciated toward this renewable energy project. Thank you for your generosity.
Send your donations to:
